

Blue Grass

GARDEN MIX

Premium Planting Blend for Gardens & Flower Beds

Blue Grass Garden Mix is a high-quality, natural soil blend formulated to support healthy plant growth and long-term soil performance. Carefully composed of peat, compost, and sand, this mix is screened to 5/8" to remove grasses and debris—ensuring a clean, consistent product ready for immediate use.

Rich in organic matter and essential nutrients, Garden Mix promotes strong root development while maintaining excellent drainage and moisture retention. Its balanced structure makes it ideal for flower beds, vegetable gardens, and general landscape planting applications.

PRODUCT SPECIFICATIONS

PARAMETER	RESULT
Soil Texture Class	Sandy Clay Loam
Physical Parameters	Sand 54%, Silt 22%, Clay 24%
pH	7.5
Organic Matter	18 %
Electrical Conductivity	0.9 dS/m
Nitrate (NO ₃)	45 ppm
Phosphorus (P)	24 ppm
Potassium (K)	383 ppm
Sulfur (S)	48 ppm
Zinc (Zn)	3.4 ppm
Manganese (Mn)	12 ppm
Iron (Fe)	133 ppm
Copper (Cu)	0.8 ppm
Boron (B)	0.8 ppm

APPLICATIONS

Perfect for residential and commercial garden beds, vegetable plots, flower borders, and general planting needs.

Blue Grass Garden Mix Soil delivers the balance, consistency, and performance needed to help your landscapes thrive.

KEY BENEFITS

- ✓ Screened to 5/8" for a clean, uniform texture
- ✓ High organic content to improve soil fertility and structure
- ✓ Excellent drainage while retaining essential moisture
- ✓ Nutrient-rich profile to support a wide range of plant types
- ✓ Ideal for new garden beds, soil amendment, and landscape projects
