

Blue Grass

SCREENED LOAM

Versatile Topsoil for Planting & Landscape Enhancement

Screened Loam is a natural, locally sourced topsoil from developments in and around the Calgary area, well-suited for a wide range of planting applications. Screened to 5/8", it is free of grasses and debris, providing a clean, workable soil that's ready for immediate use.

With its balanced loam composition, this soil supports basic healthy root development, moisture retention, and nutrient availability. It also meets the City of Calgary Standard Specification for Landscape Construction, ensuring consistent quality and reliability.

PRODUCT SPECIFICATIONS

PARAMETER	RESULT
Soil Texture Class	Loam
